Seminario de Análisis y Aplicaciones

Lunes, 2 de diciembre de 2019

16:30 h., Módulo 17 - Aula 520 (Depto. Matemáticas UAM)

Luis Caffarelli

The University of Texas at Austin

Some interaction problems of local and non-local type and between diffusion in different dimensions.

Resumen:

Interactions between diffusion processes of infinitesimal or distant nature are common and often require different methods to be treated.
