

# 9th International Conference on Harmonic Analysis and Partial Differential Equations

11th-15th of June, 2012, El Escorial, Madrid

<http://www.uam.es/Escorial2012>

## SHORT COURSES

**Jonathan Bennett** - University of Birmingham  
Transversal multilinear harmonic analysis

**Detlef Müller** - Christian-Albrechts Universität, Kiel  
Aspects of harmonic analysis related to hypersurfaces and Newton diagrams

**Tatiana Toro** - University of Washington  
Analysis on non-smooth domains

**Joan Verdera** - Universitat Autònoma de Barcelona  
Estimating the maximal singular integral by the singular integral

## INVITED SPEAKERS

**Frédéric Bernicot** - CNRS - Université de Nantes

**Marcin Bownik** - University of Oregon at Eugene

**Diego Córdoba** - ICMAT - CSIC, Madrid

**Burak Erdogan** - University of Illinois at Urbana

**Tuomas Hytönen** - Helsingin Yliopisto
