

---

THIS IS AN ANONYMOUS SURVEY. DO NOT BE AFRAID OF BEING SINCERE.

---

Please check the following items

---

1. How many courses on differential geometry have you followed?  
0.     1.     2.     3.     more.
  
2. Do you know what a *tensor* is?  
Yes.     No.
  
3. Are you experienced with *differential forms* on manifolds?  
Yes.     No.
  
4. Have you studied any kind of *cohomology* in a previous course?  
Yes.     No.
  
5. Have you followed a course including analytical mechanics (*Lagrangians* and *Hamiltonians*)?  
Yes.     No.
  
6. *Gaussian curvature, Ricci tensor, Riemann curvature tensor*. How many of these types of curvature are familiar to you?  
0.     1.     2.     3.
  
7. Do you like Physics?  
Yes.     No.
